

The Newman, for many years the main publication of the Newman Association, contains articles of a scholarly nature as well as newsletter items of specific interest to members. As part of the Association's overall ministry, to support and encourage Christian faith in contemporary society, *The Newman* seeks to publish a broad range of material that might not otherwise be made available. This includes articles on spirituality, pastoral care, liturgy and the Eucharist; on medicine, ethical issues and those connected with the environment; and on ecumenism and aspects of Christian history.

The principal papers from conferences organised by the Association are usually published solely in *The Newman*. Book reviews appear regularly and also an occasional article on the arts.

While all members of the Association receive the journal, it also has a wider circulation that includes university chaplaincies, the Catholic bishops in the UK and a complimentary list of overseas readers.
